

SILVER EAGLE HOUSTON NAMED A WINNER OF THE 2021 TOP WORKPLACES USA AWARD ISSUED BY ENERGAGE

HOUSTON, TX (January 28, 2021) – Today, Silver Eagle Distributors Houston, LLC (Silver Eagle Houston) announced it has earned the 2021 Top Workplaces USA award, issued by Energage, a purpose-driven organization that develops solutions to build and brand Top Workplaces. This is an inaugural year for Top Workplaces USA, built on the program's 14-year history surveying more than 20 million employees across the United States.

"We are honored to be named one of the 2021 Top Workplaces in the nation for the first time in the Company's history," said John Johnson, president of Silver Eagle Houston. "Employees are key to our success and they drive our culture, especially during these challenging times. The ability to react and recover, and commitment to working hard do not go unseen. We are proud to exhibit a workplace that values these qualities and represents a world class portfolio of brands."

Top Workplaces USA offers national recognition for large organizations with more than 150 employees. Several thousand organizations across the United States were invited to participate, and more than 1,100 companies did. Winners of the Top Workplaces USA list are chosen based solely on employee feedback gathered through an employee engagement survey issued by Energage. Results are calculated by comparing the survey's research-based statements, including 15 Culture Drivers that are proven to predict high performance against industry benchmarks.

"During this very challenging time, Top Workplaces has proven to be a beacon of light for organizations, as well as a sign of resiliency and strong business performance," said Eric Rubino, Energage CEO. "When you give your employees a voice, you come together to navigate challenges and shape your path forward. Top Workplaces draw on real-time insights into what works best for their organization, so they can make informed decisions that have a positive impact on their people and their business."
